Whitman County has received 4 new positive COVID-19 test results today, bringing the County total to 1858. New cases include: 1 male between the ages of 0-19, 1 male between the ages of 20-39, 1 female between the ages of 40-59, and 1 female over the age of 80. There has been 1 death reported today (1 female over the age of 80) bringing the total deaths to 19. 6 cases are currently hospitalized. All other cases are stable and self-isolating.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance. Masks are an easy and effective way to reduce the spread of COVID-19.

Future Whitman County press releases will be as needed.
