

News Release

For immediate release: December 23, 2020

Contact: Chris Skidmore, Interim Director of Public Health, 509-397-6280 – Ben Stone, Public Information Officer, 509-397-6280

Whitman County has received 19 new positive COVID-19 test results today, bringing the County total, to date, to 2686. 7 cases are currently hospitalized. All other cases are stable and self-isolating. Total deaths, to date, remain at 22.

New Cases		
Age Range	Female	Male
0-19	2	2
20-39	2	2
40-59	4	3
60-79	1	1
80+	2	0

Whitman County has received a second allocation of the Pfizer vaccine and will begin administering it this week. Whitman County is following the CDC and DOH guidance regarding allocation of vaccines.

Whitman County Public Health would like to encourage all of our local providers to enroll in COVID-19 Vaccination Program. <https://redcap.doh.wa.gov/surveys/?s=qlevATZ6qQ>

Indoor social gatherings in the State of Washington are restricted from November 17, 2020 to January 4, 2021 unless:

- All participants quarantine for fourteen (14) days prior to the social gathering.
- All participants quarantine for seven (7) days prior to the gathering, and receive a negative COVID-19 test result no more than 48-hours prior to the gathering.

Gathering with people you don't live with – even close friends and family – may spread COVID-19. The safest action for everyone is to avoid gatherings, even outdoors, and find different ways to celebrate this season. For recommendations on how to make any gathering safer visit <https://coronavirus.wa.gov/information-for-you-and-your-family/safer-gatherings>.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance. Masks are an easy and effective way to reduce the spread of COVID-19.
