

News Release

For immediate release: April 16, 2020

Contact: Troy Henderson, Director of Public Health, 509-397-6280 – Bill Tensfeld, Director of Emergency Management, 509-397-5605

Whitman County has 1 positive COVID-19 test result reported today which brings the total to 14 within the County. The new patient is female aged 20-39 and is stable and isolating at home. 11 of the 14 positive patients have recovered.

The CDC recommends wearing homemade masks in public where social distancing is impractical.

The Whitman County Health Department regularly updates their Facebook page with helpful information regarding personal protection and the status of county health operations.
