Whitman County has received two positive COVID-19 tests results over the weekend. Both patients are female, one is aged 20-39 and the other is 60-79 years, both are stable and isolating at home. This brings the Whitman County total of positive COVID-19 cases to 34.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance.

The Whitman County Health Department regularly updates their website with helpful information including phased opening guidance, personal protection and the status of county health operations.

Future Whitman County press releases will be as needed.
