Whitman County reported 34 positive COVID-19 test results yesterday, June 22, 2020. However, the 34th positive case, who was a female aged 60-79, has since twice retested negative and has been reclassified as negative bringing the County's total to 33.

23 of the 33 have recovered and the other 10 are isolating at home.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance.

The Whitman County Health Department regularly updates their website with helpful information including phased opening guidance, personal protection and the status of county health operations.

Future Whitman County press releases will be as needed.
