

News Release

For immediate release: July 19, 2020

Contact: Troy Henderson, Director of Public Health, 509-397-6280 – Bill Tensfeld, Director of Emergency Management, 509-397-5605

Whitman County has received six new positive COVID-19 test results. One is a male between the ages of 0-19. Three are female between the ages of 20-39. One is a male aged 80 plus and one is a male between the ages of 60-79. All are stable and self-isolating. This brings the County to a total of 66 positive cases. 47 of the 66 are cleared to discontinue isolation and 19 are stable and self-isolating.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance. Masks are an easy and effective way to reduce the spread of COVID-19.

The Whitman County Health Department regularly updates their website with helpful information including phased opening guidance, personal protection and the status of county health operations.

Future Whitman County press releases will be as needed.
