Whitman County received two positive COVID-19 test results today, bringing the County total to 84. Both are male, one is between the ages of 0-19 years old. The other is between the ages of 40-59. Both are stable and isolating at home.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance. Masks are an easy and effective way to reduce the spread of COVID-19.

Future Whitman County press releases will be as needed.
