Whitman County has received four new positive COVID-19 test results, bringing the County total to 88. Two are males between the ages of 20-39 years old. One is male between the ages of 60-79 years old. One is female between the ages of 40-59 years old. All are stable and self-isolating.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance. Masks are an easy and effective way to reduce the spread of COVID-19.

Future Whitman County press releases will be as needed.
