Whitman County has received five new positive COVID-19 test results, bringing the County total to 138. Two are female between the ages of 0-19 years old, two are female between the ages of 20-39 years old, and one is male between the ages of 20-39 years old. All are stable and self-isolating.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance. Masks are an easy and effective way to reduce the spread of COVID-19.

Future Whitman County press releases will be as needed.
