

News Release

For immediate release: September 15, 2020

Contact: Troy Henderson, Director of Public Health, 509-397-6280 – Bill Tensfeld, Director of Emergency Management, 509-397-5605

Whitman County has received 11 new positive COVID-19 test results today, bringing the County total to 1065. New cases include 2 females and 2 males between the ages of 0-19. 1 female and 6 males between the ages of 20-39. All are stable and self-isolating.

Current air quality concerns have hampered COVID-19 testing efforts. The recent decrease in positive test results should not be assumed to be a result of an associated decrease in viral activity.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance. Masks are an easy and effective way to reduce the spread of COVID-19.

Future Whitman County press releases will be as needed.
