Whitman County has received 6 new positive COVID-19 test results, bringing the County total to 835**. New cases include 1 male between the ages of 0-19. 2 females and 3 males between the ages of 20-39. All are stable and self-isolating.

**Due to an entry error a previous case was duplicated in our local tracking database. The duplicate was removed so our current count is 835.

Current COVID-19 activity highlights the need for individuals to maintain social distancing and personal vigilance. Masks are an easy and effective way to reduce the spread of COVID-19.

Future Whitman County press releases will be as needed.
